Subject: Request to Increase Bandwidth from 100Mbps to 200Mbps till 4000GB (Phone No: 4632290768).

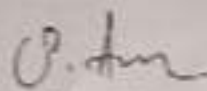

Respected Sir,

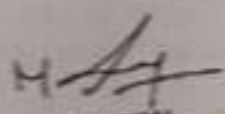

I hope this letter finds you well. I am writing to request an increase in the bandwidth of my internet connection from 100Mbps to 200Mbps till 4000GB (Phone No: 4632290768).

I have been a loyal customer of BSNL for more than 20 years and have been satisfied with the service provided. However, with the increasing demands of online work and streaming services, I find that my current bandwidth is no longer sufficient to meet my needs. I believe that increasing the bandwidth to 200Mbps will greatly improve my internet experience and allow me to be more productive in my work. I am willing to pay any additional charges that may be required for this upgrade.

I kindly request that you process my request as soon as possible. I am looking forward to continuing my relationship with BSNL and appreciate your prompt attention to this matter.

Thank you for your understanding and cooperation.

### MINUTES OF THE MEETING

A grievance and redressal meeting to address concerns regarding the Job Fair, campus Wi-Fi, and certificate courses. Students raised issues about the limited participation of companies in the Job Fair and insufficient guidance, prompting the decision to invite more companies and provide dedicated coordinators for student support in future events. Complaints regarding slow Wi-Fi speeds and connectivity gaps on campus were discussed, with a resolution to conduct a network audit and upgrade the infrastructure. Additionally, grievances about delays in scheduling and the lack of practical exposure in the TALLY ERB9 certificate courses were addressed, with plans to improve scheduling and enhance hands-on training by collaborating with industry experts. All issues were acknowledged, and action plans were set to resolve them, with progress to be reviewed.
