(Affiliated to Manonmaniam Sundaranar University – Tirunelveli)

Report

The mentor-mentee program was successfully held in the college auditorium with a remarkable gathering of 300 students. The event aimed to provide a platform for open discussion and feedback on the existing mentor-mentee relationship framework. The event began with an introduction to the program, explaining its purpose providing students with academic guidance, personal development, and professional advice from faculty mentors. Based on the consensus among students, it was recommended that mentors should meet with their mentees at least once a month. This would create a structured system that fosters continuous engagement and ensures the mentees feel supported throughout their academic journey.
