Venue: Open Stage

Report on HIV/AIDS Awareness Program

The Red Ribbon Club (RRC) organized an HIV/AIDS Awareness Program on 16th December 2024, to educate students about the importance of awareness, prevention, and fighting the stigma surrounding HIV/AIDS. The event began with a welcome address by the RRC Coordinator, Mr. A. Arputharaj. The chief guests, Mr. Shanmugaraja, Counsellor ICTC, and Mr. Thirumalaikumar, Lab Technician ICTC, were introduced and warmly welcomed by the Coordinator.

The chief guests shared valuable information on HIV/AIDS, including its transmission, prevention, and treatment. They emphasized the importance of dispelling myths and providing support to those living with HIV/AIDS. Their speeches encouraged students to take active steps in raising awareness and reducing stigma in their communities.

The session inspired the students, who pledged to work as ambassadors of change in society. A pledge-taking ceremony was held, where participants committed to spreading awareness and creating a healthier, more compassionate world. The program concluded on a positive and empowering note, leaving the students motivated to make a difference.
