

DON BOSCO COLLEGE OF ARTS AND SCIENCE, KEELA ERAL

Department of Mathematics

Industrial Visit Report

Date : October 13, 2023

Location : Bosco Soft Technologies Private Limited, Yelagiri.

An industrial visit was organized for the students of Departments of Mathematics and Computer Applications to Bosco Soft Technologies Private Limited, Yelagiri on 13th October 2023. The primary objective was to expose students to the real-world applications of software development and the increasing influence of Artificial Intelligence (AI) in shaping our digital future. We were warmly received by the company's representatives. The highlight of the visit was an interactive session with Rev. Dr. Thaddeus Singarayan, President and CEO, Bosco Soft Technologies Private Limited, Yelagiri. He shared insights into the company's journey, its core values and its vision for the future. He emphasized the critical processes involved in software development, including ideation, design, development, testing and deployment. He also highlighted the importance of adaptability in the rapidly evolving tech environment and encouraged students to stay updated with the latest technologies. The discussion also touched upon the ethical implications of AI and the importance of responsible AI development.

After the discussion, the students were taken on a tour of the office. This provided an opportunity to observe the company's work environment, the team collaboration and the infrastructure in place to support their software development projects. The visit concluded with a question and answer session, where the students were engaged with the CEO and other company representatives, expressing their curiosities and doubts about the software industry and AI.

The industrial visit to Don Bosco Soft Technologies Pvt. Ltd. proved to be an enlightening experience for all attendees. It is not only provided a practical perspective on

software development but also emphasized the growing importance of AI in modern industries. Students left with a renewed sense of inspiration and a deeper understanding of the tech world's intricacies.
