

DON BOSCO COLLEGE OF ARTS AND SCIENCE, KEELA ERAL
DEPARTMENT OF COMPUTER APPLICATIONS

NATIONAL SCIENCE DAY

Theme: "Indigenous Technologies for viksit Bharat"

Date: 28th February 2024

National Science Day was observed by the Department of Computer Applications on 28th February 2024 to mark the discovery of the Raman effect in 1928 by Indian Physicist Sri Krishna Raman. This event, organised on account of National Science Day for the students was led by the faculties of the Department of Computer Applications of our college. The celebration included speeches,quiz.

The theme chosen for this year's National Science Day celebration is "Indigenous Technologies for Viksit Bharat" (Indigenous Technologies for Developed India). It underscores the nation's commitment to promoting home-grown technological solutions for societal well-being.

National Science Day is celebrated to widely spread a message about the importance of science used in the daily life of the people. It is also celebrated to discuss all the issues and implement new technologies for the development in the field of science. The theme of the year 2024 **"Indigenous Technologies for Viksit Bharat"** was extensively discussed.
